

Priority of user story is indicated by “sprint x” label on Gitlab. Smaller number of x means higher priority. Also, priority is indicated by the order in this file. A user story has higher priority than any lower one. Higher priority means earlier implementation by the team.

Sprint 1: from 5/7 to 8/7

Sprint 2: from 9/7 to 11/7

Sprint 3: from 12/7 to 16/7

Sprint 4: from 17/7 to 19/7
